

**Thursday, September 23, 2004 3:25 PM**

Dear Scouters:

I am pleased to announce that a revised version of Scouts Canada's By-Law, Policies and Procedures was approved for distribution at the recent Board of Governors' meeting.

A hard copy will be mailed later this week to those listed above and the whole document will be posted on the Scouts Canada web site the following week. Providing it on our web site will help ensure that members have free and easy access to the document.

We have chosen to provide the document on the web site instead of printing and selling it simply because it is more cost effective and efficient.

This also makes it much easier for making and communicating changes and ensuring that members have ready access to the most current information. Please note that section 11000 - has not been changed at this point as it is still being reviewed by the Board of Governors. As soon as a new policy has been approved we will update B.P.&P. on the web site.

Please ensure that members are made aware that B.P.&P. will be available on-line soon!

Thank you for your patience and input in developing the new document.

Mike Scott  
Chief Commissioner  
Chair of the Board
